Behavioral Health Care

We offer comprehensive behavioral health services, including psychiatry, to children, adolescents and adults.

It is important for our patients to know they are not alone. Approximately 1 out of 5 adults and 1 out of 6 youth ages 6-17 live with a mental health disorder and a majority of these individuals do not seek treatment.

Our Behavioral Health Care Team is made up of compassionate and competent professionals who are here to help you. Our Team includes Psychiatrists, Licensed Clinical Professional Counselors and Licensed Clinical Social Workers.

The goal of our team is to better the life of each patient in order to improve their overall happiness. We strive to work together with our patients to find better ways to deal with the stress and demands of everyday life.

- We welcome most insurances...
 - PPO/HMO Plans
 - Medicaid Plans
 - Medicaid Managed Care Plans
 - Medicare Managed Care Plans
 - Medicare Part B
 - Un/underinsured
- Services also provided on a Sliding Fee Scale
